**DETAILED ACTION**

1. Claims 1-21 were pending at the time of the previous Office Action, mailed January 3, 2007. By the latest amendment, filed March 29, 2007, claim 20 is cancelled. Therefore claims 1-19 and 21 remain pending and have been examined.

***Allowable Subject Matter***

2. Claims 1-19 and 21 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field fails to teach the combination of features found in the independent claims, particularly including the feature of a program transfer unit that temporarily installs the driver program for the anti-theft device on the computer device

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following US Patent documents teach systems of anti-theft devices attachable to a computer, that are pertinent to the Applicant's disclosure.

Art Unit: 2137
